

**“I have used The Payroll Factory since I founded Talentastics in 2001. The Payroll Factory has been accurate, informative, and most importantly, accountable at all times.**

**In Jess Larson you have a valued employee who truly understands customer service at its most professional level.**

**Over the past eight years we’ve gotten telephone calls and drop-ins from all your competitors, large and small. You’ll notice, I’m sure, that we’re still with The Payroll Factory, for good reason.**

**I am a delighted and satisfied customer.”**
